Our Story

On January 5, 1914 in a coffee house on Clinton Street, three men met on the eve of the Theophany. As they reminisced about the observance of the holy days in their homeland, the idea to found a church of the Orthodox faith in their new country was born.

The original founding charter of the parish is dated May 3, 1914. A two-family wooden house located at 107 Clinton Street was purchased for the purpose of using it as a church. On April 19, 1915, the certificate of incorporation of the Hellenic Orthodox Church of Saint George of Schenectady, New York was signed, executed and acknowledged by the first priest of the parish, Rev. Andreas Constantinides. Over the next two decades the parish grew with the influx of Greek immigrants to Schenectady.

A devastating loss occurred in February 1937 when a fire of unknown origin erupted, and the church was completely destroyed. Determined to rebuild their church out of the ashes, the 150 member families joined together to raise $45,000 and the cornerstone for a new church was laid in September 1937. In 1939, the new and present-day St. George Greek Orthodox Church was completed.

The parish continued to thrive, and by the late 1950s the member families grew to 300. Several properties along Liberty Street were purchased and in 1961 a new community center – the Hellenic Center – was constructed to accommodate the numerous activities of church and youth organizations. In 1976, the first Greek Festival was held and continues to this day.

St. George Church celebrated the 100th anniversary of its founding with a Diamond Jubilee Gala on Saturday, April 25, 2015 celebrated by His Grace, Bishop Dimitrios of Xanthos along with the presiding parish priest and local Greek Orthodox clergy.

Even though St. George Church has significantly fewer member families than the peak years of the 1960s, it persists and strengthens. The parish is currently served by Rev. Protopresbyter Patric Legato. His immediate predecessor was Rev. Presbyter Neofitos Sarigiannis. In 2021, the School of Greek Language and Culture began serving youth and adults after a hiatus of many years. In 2023, the Icon Project saw the addition of more than 80 new icons to adorn the altar and sanctuary. The world has changed much over the past 112 years, but the members of St. George today remain firm in their resolve to maintain their Orthodox faith and honor their heritage not only for the present but for tomorrow and future generations to come.
